

CITY OF KINGSTON, N. Y., FRIDAY EVENING, APRIL 12, 1957

**DIESELS JOIN CENTRAL SYSTEM—**

Echoes of the past were amplified Thursday afternoon as the motors of 21 diesel locomotives from the defunct New York Ontario & Western Railroad roared a farewell as they transferred over to the New York Central System tracks and became the leased property of the larger railroad.

The setting was the old O&W yards at the end of Fair street extension, and the actors included a New York Central road-switcher diesel acting as a pilot engine for the string of 21—1,000 horsepower General Motors switch engines

out of Middletown over the branch line from Summitville to Kingston.

The former O&W locomotives spent the night in the north yards at Kingston and then traveled to the Selkirk engine terminal, south of Albany, where they will be checked and placed in service on the New York Central System.

One of the former Ontario & Western employees who accompanied the transferring diesels gazed sadly at the green and orange line of locomotives and commented that he had celebrated his 55th birthday this week, had completed 30 years of service with the O&W and was now out of a job. (Freeman photo)

**Senate Gets Newkirk's Name****Extra \$41 Million Is Recommended for Mail**

One Associated Press story from Washington today said the House Appropriations Committee voted to give the Post Office Department an extra 41 million dollars to prevent prolonged curtailment of mail service, and another announced that President Eisenhower had sent his nomination of Oscar V. Newkirk to the Senate for confirmation.

The committee's action on the 41 million taken behind closed doors, the AP said, was by a vote reported as 37-10.

**Acting Since August**

A three-term mayor prior to the administration of Mayor Frederick H. Stang, Newkirk became acting postmaster last Aug. 12, following the death, early in July of Col. William R. Kraft.

Nomination for a postmaster-general is tantamount to permanent appointment.

Before his appointment as acting postmaster, Mr. Newkirk had served as assistant secretary of the New York State Public Service Commission. He had also served as alderman and supervisor of the second ward before he was elected mayor.

**Six Million Less**

The amount approved today by the House Appropriations Committee is six million dollars less than the second year Department requested and is for use during the next two and one-half months, the AP reported.

It is 24 million dollars more than a subcommittee had recommended after Postmaster General Summerfield said it would be necessary to halt Saturday mail delivery and cut back other

postal services if he didn't get more money immediately.

**To Consider Monday**

The House will consider the appropriations committee's recommendations Monday and is expected to approve them quickly so the Senate can act at once and get the bill to the President.

The new allotment would boost to \$2,165,000,000 the funds given the Post Office Department for the fiscal year ending June 30.

Despite the committee action, there appears to be no chance for a regular mail delivery tomorrow—the first Saturday under Summerfield's cut back order.

The postmaster general said yesterday he would not lift his (Continued on Page 6, Col. 5)

**Lanza Surrenders, Review Is To Decide Parole, Jail Time**

New York, April 12 (AP)—Joseph (Socks) Lanza was in jail today in a stopover on a route that apparently will end in State Prison to serve more time for extortions and racketeering at Fulton Fish Market.

The 57-year-old parole violator surrendered to the State after being notified that he was wanted.

Lanza was smiling as his seven years of parole ended in a trip in manacles to a maximum security cell at the Tombs City Prison.

Lanza's nonchalance was in sharp contrast to the political storm kicked up by the recent dismissal of parole violation charges against him and the investigations that ensued.

Parole Board Chairman Lee B. Mailler, who announced Lanza's incarceration, said his future will be decided after a "thorough review" of the parole violation reports from parole officers concerning possible additional violations.

Mailler said Lanza will be held in the city prison until a "final determination" is made on whether he should be restored to parole or returned to state prison to serve more time.

Mailler said the board's decision to reconsider the case was made Wednesday night at a meeting at Newburgh, N. Y. The board chairman said he could not state definitely when the case will be reconsidered.

Lanza was sentenced Jan. 29, 1943, to 7½ to 15 years for extortion from a teamsters union local. The 15 years will be up next January. Although Lanza had been on parole since Sept. 11, 1950, he still technically was in prison. Even if he is sent back—as expected—he would have only about nine months or less to serve.

Mailler, when asked why the

**Body of Airline Radio Operator Is Found in Pond**

The body of William Edward Hale, 31, of Olive Bridge, a radio operator employed by Trans World Airlines, who apparently drowned some time Thursday afternoon, was recovered from a pond at Brown's Station, town of Olive at 9:20 p. m. by the Ulster county sheriff's office.

Coroner Francis J. McCordie, who was summoned, issued a verdict of asphyxia due to accidental drowning.

**Alerted by Davis Family**

The sheriff's office received a call at 7:50 p. m. from Cpl. Hilton Smith of the New York City Board of Water Supply Police. Cpl. Smith reported he had received a call from the Alonzo Davis family, with whom Mr. Hale made his home, that Mr. Hale was missing and presumed drowned in the pond by the old pulp mill on the former Moehring estate on the Brown's Station road.

Cpl. Smith said it was reported Mr. Hale left the Davis residence about 2 p. m., accompanied by two dogs and the dogs later returned to the house.

**Grappling for Body**

The body was recovered at 9:20 p. m. by Deputy Anthony Alecca, Patrolmen John Brininger of the Board of Water Supply Police and Assistant Fire Chief Koeghan of the Olive Fire Department after grappling operations.

Also at the scene were Sheriff Claude Bell, Undersheriff Clayton Vredenburg, County Investigator Arthur H. Brown, Deputy Peter Peterson, Chief Al Fox of the Olive Fire Department, Cpl. Smith, Patrolman Clayton Brininger, and foremen Paul Joyce, Charles I. Hesley and Allen Krum of the BWS and 25 members of the Olive department.

The body was removed to the Lasher Funeral Home, Woodstock.

**Was on Leave**

County Investigator Brown said Mr. Hale was employed as a radio operator by TWA on the New York to Paris run and was on leave until April 17.

For the past three years he had made his home with Mr. and Mrs. Davis and their son, Lester S. Davis, with whom he became acquainted during World War 2 when both served in the navy, and the friendship had been continued since that time, Mr. Brown said.

**Ave Asks Action on Hudson; Wilson Flood Bill Is Signed****All Relief Jobs to Be Completed****Wilson's Measure One of Economy**

Assemblyman Kenneth L. Wilson's flood relief extension bill assuring completion of all projects incorporated in an original appropriation of \$1,500,000 in January, 1956, was signed by Governor Harriman Thursday.

The bill is of great significance to Ulster county which was hard hit by the August and October, 1955, floods. It received Assembly approval on March 9 and passed the Senate on March 14.

**Extends Appropriation**

The bill is an extension of an appropriation of \$1,500,000 for flood relief put through the Rules Committee by Assemblyman Wilson and releases for payment of the unexpended balance of the original appropriation.

Among 38 Ulster county projects which involved appropriations of more than \$102,000, some have been completed but not paid for, while five or six have not been completed.

**Assures Completion**

"The signing of the bill by the governor insures that all our Ulster county flood relief projects will be completed as quickly as possible," said Assemblyman Wilson when notified of the governor's action.

Assemblyman Wilson also pointed out that 14 other units of local government throughout the state having 37 projects totalling \$386,358.20 which were authorized but not completed by December 31, 1956, will now have the work done.

Of the original \$1,500,000 appropriation a total of \$1,165,952.20 had been spent or accounted for in the form of projects before Dec. 31, 1956.

**Achievement for Wilson**

Passage of the bill was a legislative achievement for the Ulster county assemblyman who steered the original bill through the committee, after taking a firm stand that million and a half dollars was sufficient to take care of the flood relief projects. The original amount proposed was two million dollars.

Ulster county communities that stand to benefit from the Wilson measure are: Town of Denning, Hardenbergh, Gardiner, Towns of Kingston, Olive, Rochester, Shandaken, Ulster, Rosendale, town and village, village of Saugerties and Ellenville, where three projects totalling more than \$25,000. Another item of \$15,000 is included for the Town of Shandaken.

**Hotel, Liquor Banquet Scheduled on May 13**

The 18th annual banquet of the Ulster County Hotel and Restaurant Liquor Dealers Association will be held Monday, May 13, at 7 p. m.

Ray Amell, chairman, said the event will be at Tropical Inn, Port Ewen, featuring five acts of entertainment from New York, and the presence of Miss Rheingold of 1957.

John Michaels' orchestra will play for dancing. Reservations, which close May 8, may be made through Emile Jordan, 470 Broadway.

**Jenson Named Again on ABC County Board**

Lawrence M. Jenson of 104 Andrew street, Kingston, has been reappointed a member of the Ulster County Alcoholic Beverage Control Board for a term of two years commencing April 30.

Announcement of the reappointment was made yesterday by Charles Relyea, chairman of the board of supervisors, who has notified the State Liquor Authority of the appointment.

**Supervisors Are Against Firing Reservoir Guards**

The Ulster County Board of Supervisors unanimously approved a resolution Thursday evening opposing the withdrawal of the New York City Department of Water Supply Gas and Electricity guards as proposed recently by Mayor Wagner as an economy measure.

Recently Mayor Wagner recommended that the men patrolling the reservoir properties in the seven counties where New York City has water works installations, be eliminated.

**Introduced by Democrats**

Supervisors James J. Carroll (D) of the tenth ward and Supervisor Francis J. Dougherty (D) of the 13th ward offered a resolution which will be sent to Mayor Wagner, the New York City Board of Estimate and the Department of Water Supply Gas and Electricity, asking them to reconsider their action and maintain the guards.

The guards the resolution noted cooperate in numerous activities of other enforcement departments and have become a necessary adjunct of the county government. Supervisor McHugh noted that in his town there were several members of the force who had brought "nice families" to the community who had become part of the community life and he heartily agreed the force should be continued.

**125 Men Employed**

Approximately 125 men are maintained by the city on the special force which was created during the Korean conflict to patrol the city properties and protect it.

In Ulster county forces are maintained at Sherwood Corners in Shawangunk, at Brown Station at the Ashokan and also on the Lackawack dam site.

**Consider Dairy Aid**

Washington, April 12 (AP)—Government officials are casting about for possible new ways of bolstering the dairy industry. Eisenhower administration leaders are expressing dissatisfaction with the present program despite the fact that it does not require the Agriculture Department to support dairy product prices at as high levels as prevailed when it took over. Department thinking is in the line of encouraging the industry itself to do a better marketing job within the framework of lower government price supports. But Congress would have to vote authority for lower supports.

**Newsman Is Sentenced**

Washington, April 12 (AP)—William A. Price, 41, a New York newspaper man was sentenced today to serve three months in jail and pay a \$500 fine for contempt of Congress. Federal District Judge Richmond B. Keech, who imposed the sentence, allowed Price to remain free on bond pending an appeal. Price, a balding World War 2 navy flier, was convicted of contempt for refusing to tell the Senate Internal Security Subcommittee whether he was a member of the Communist party and to answer related questions.

**Will Form Adult Driving Classes**

Two new driver training classes for adults will be formed Tuesday, April 16, at 7 p. m., in Room V-110 of the new Vocational Building, if there is sufficient enrollment.

The classes will meet Mondays, one from 3:30 to 5:30, the other from 5:30 to 7:30 for related instruction and then in groups of four on one other day of the week for behind-the-wheel instruction.

**Supervisors Vote \$2,000 For Salk Shots at Clinics**

Residents of Ulster county who feel they are financially unable to pay their own family physician for the administering of Salk polio vaccine, will shortly be able to receive the shots at county cost.

Under a resolution offered by Supervisor Jesse McHugh (R) of Shawangunk, the board Thursday evening made available \$2,000 for the purchase of Salk vaccine which will be administered without cost to families in the county who feel they are unable to pay.

The program will be carried out through the cooperation of the Ulster County Medical Society and the County Commissioner of Public Welfare on a clinical basis.

The resolution calls for clinics in at least six localities in the county where persons between the age of six months and twenty years, who feel they cannot afford to pay for the vaccine, may receive the inoculations without charge.

In presenting the resolution Supervisor McHugh said that this protection was essential to the health and welfare of the residents of the county. The need was recently brought to the attention of the board and the Medical Society through a resolution.

Speaking for the Medical Society, Dr. Johnson said presently there was no vaccine available but the new supply would be available shortly after April 15 and dates and places for the clinics would then be announced.

Salk vaccine had been well proven, Dr. Johnson said, and the Medical Society was interested to see that all persons have an opportunity to receive it. For that reason the Medical Society had taken action to provide free administration of the vaccine to those who could not afford to pay.

The resolution making available \$2,000 from the contingent fund was unanimously adopted.

**Belleayre Ski Head Leaving**

Arthur Draper, 48, director of the Belleayre Ski Center for the last eight years, yesterday was appointed general manager of the Whiteface Mountain Authority, it was reported today.

The newly created job pays a salary of \$10,000 annually, The Freeman learned.

The appointment was a result of a bill signed yesterday by Governor Averell Harriman for construction of a \$2,500,000 state ski development on Whiteface Mountain in the Adirondacks.

**To Have Full Charge**

The authority met later and appointed Mr. Draper general manager. He will have complete charge of the new ski center as well as the state's small ski development on a shoulder of Whiteface, it was reported.

The authority announced it hoped to have the center in operation by Dec. 1.

Mr. Draper, a career civil service employee, started in the Conservation Department as a forest ranger, and has been with the department since 1938. He has been director at Belleayre for the last eight years.

Prior to his appointment at Belleayre he was engaged in the early construction of ski trails at Whiteface.

**Has Legion of Friends**

Graduated from Harvard University in 1932, Mr. Draper made a legion of friends among local ski enthusiasts who use the Belleayre slope.

He was particularly well known to members of the Trail-sweepers Ski Club, an organization of Kingston and area skiing devotees.

Gov. Harriman, a ski enthusiast who has visited Belleayre himself frequently, and Republican majorities in the recently adjourned Legislature were in agreement on the Whiteface project. The bill was passed unanimously, it was reported.

It was reported the Authority will meet later this month at Whiteface to prepare plans which will be submitted to the governor.

The Authority reported James M. Muir will remain as superintendent of the group which is enlarged from five to seven members. (Continued on Page 6, Col. 3)

**Vehicle Bureau Commended For Service in Rush Period**

A report from Joseph P. Kelly, New York State Commissioner of Motor Vehicles, regarding a complaint from the Ulster County Pomona Grange on the operation of the local Motor Vehicle Bureau office was received and read to the board of supervisors Thursday evening.

The complaint was investigated by Harry J. Lenihan, senior inspector for the department, and the report indicates the services at the local office were considered very good considering the rush which accompanied the annual issuance of licenses.

It was pointed out that some 35,000 licenses had been issued in a period of eight weeks, that due to the new compulsory insurance provision the issuance of licenses had been slowed up but it was pointed out that although early application had been sought and mail applications encouraged, many did wait until the last few days and there was some congestion. However, this condition existed in most bureaus.

The report said there had been no evidence found of discourteous treatment and County Clerk Lawrence Craft had assured the department that any complaints of discourteous treatment, if reported, would be immediately investigated by him.

The report said in addition that the Motor Vehicle Bureau had

tion of the Kingston Chamber of Commerce which requested the Salk inoculation be made available "on a clinic basis."

The resolution authorizes the County Commissioner of Public Health to purchase, through the County Purchasing Agent, necessary supplies to operate a polio clinic for those who cannot afford to pay.

Clinics will be held in six different locations in the county as set up by the Health Department and the Medical Society.

Attending the meeting Thursday night were Dr. Herbert Johnson and Dr. John R. Roberts.

Speaking for the Medical Society, Dr. Johnson said presently there was no vaccine available but the new supply would be available shortly after April 15 and dates and places for the clinics would then be announced.

Salk vaccine had been well proven, Dr. Johnson said, and the Medical Society was interested to see that all persons have an opportunity to receive it. For that reason the Medical Society had taken action to provide free administration of the vaccine to those who could not afford to pay.

The resolution making available \$2,000 from the contingent fund was unanimously adopted.

Both legislators indicated in their letters that approval of the project is predicated on the improvement of docking facilities at Albany and Rensselaer by those cities, Mr. Kurt said.

Their communications indicated that congressional approval of the appropriation will not be forthcoming until that is done, he said.

Mr. Kurt also said he interpreted these letters as an indication the Army Corps of Engineers "will do nothing until these prerequisites are met."

He said the local Chamber had made inquiries to Congressman Wharton and Senator Javits in connection with the project since it is felt improved docking facilities would attract more industry and commerce to the city.

**Daughter Won Fame**

His daughter, Carolyn, an honor student at Ontario Central School, has gained considerable fame in skiing circles as one of the outstanding junior female skiers in the nation.

Miss Draper placed third in Class A of the New York State Women's Open recently at Snow Ridge, N. Y. The meet is considered one of the outstanding ski events in the country. She also was a member of the FIS team which competed at Aspen, Colorado, this winter, and was injured in competition there.

A son, Charles, is a student at St. Lawrence University, Canton, N. Y.

The Whiteface project is designed to recapture winter sports business lost to neighboring New England states, it was reported.

Will Prepare Plans

Gov. Harriman, a ski enthusiast who has visited Belleayre himself frequently, and Republican majorities in the recently adjourned Legislature were in agreement on the Whiteface project. The bill was passed unanimously, it was reported.

**Communists Bossed Music Field, Probers Are Told**

New York, April 12 (AP)—An orchestra leader has told congressional investigators that he had to join the Communist party to get work as a musician in New York city in the late 1930s.

The witness, Max Marlin, said that after he became an orchestra leader he had to give Communists first choice for jobs regardless of their musical ability. This inability to select musicians on the basis of their artistic ability was one of the reasons he quit the Communist party after being a member between 1936 and 1940, Marlin testified.

Marlin was a witness yesterday before a subcommittee of the House Un-American Activities Committee which is scheduled to conclude today four days of public hearings on Communist influences in the music field.

**State Will Cooperate On Project****Local Outlook on Start Is Clouded**

An appeal by Governor Averell Harriman last night for early congressional action to appropriate \$33,800,000 to deepen and widen the Hudson river to Albany failed to stimulate any enthusiasm here today.

Albert Kurt, manager of the Kingston Area Chamber of Commerce, told The Freeman today the project doesn't look hopeful in the immediate future, in the light of communications the Chamber has received recently from legislators in Washington representing this area.

Bill Is Signed

The governor signed a bill Thursday authorizing the state to cooperate with the federal government in the dredging of the 32-foot channel.

Mr. Kurt said the Chamber, "which is vitally interested in the possibility of improving docking facilities here to attract commerce," has received letters from Congressman J. Ernest Wharton and Senator Jacob K. Javits in connection with the proposed projects.

Both legislators indicated in their letters that approval of the project is predicated on the improvement of docking facilities at Albany and Rensselaer by those cities, Mr. Kurt said.

Their communications indicated that congressional approval of the appropriation will not be forthcoming until that is done, he said.

Mr. Kurt also said he interpreted these letters as an indication the Army Corps of Engineers "will do nothing until these prerequisites are met."

He said the local Chamber had made inquiries to Congressman Wharton and Senator Javits in connection with the project since it is felt improved docking facilities would attract more industry and commerce to the city.

In 1954 Congress approved deepening the Hudson to 32 feet and widening the channel to 600 feet from New York city to Kingston and to 400 feet to Albany.

Governor Harriman did not indicate when he thought dredging would begin, but it was believed the present Congress probably will not take the necessary action. Commerce Commissioner Edward T. Dickson earlier this year expressed hope work can be begun in 1958.

Would Help Cities

The governor told a dinner meeting of the Albany Port Commission at the DeWitt Clinton Hotel that the project would offer an opportunity for industrial growth all along the Hudson river.

He spoke at a dinner in conjunction with the opening of the American Oil Company's \$1 million asphalt plant at the Port of Albany.

Governor Harriman said the improvement "would provide new opportunities for industrial expansion in such Mid-Hudson cities as Poughkeepsie, Newburgh, Hudson, Kingston and Beacon."

**Hole Still Remains**

San Gabriel, Calif., April 12 (AP)—One fact emerged today amid the debris and confusion at the Oscar Murphy home: There is a 15-foot hole in the backyard. That's about all that is certain after two days of stren-

uous digging activity by army ordinance crews. The army, without ever quite knowing what it was looking for, yesterday called off the search that began Tuesday when the Murphy's 10-year-old son, Pat, found a strange hole two feet deep behind the house.

## Man Re-Weds After Acquittal

Phoenix, Ariz., April 12 (AP)—"We've never really stopped loving each other."

That's how a young couple explained their remarriage last night—less than six hours after the husband was acquitted in the slaying of his ex-wife's lover.

After the ceremony, Robert Earl Sutton, 29, a Dallas oil promoter, and attractive, dark-haired Freddie Davis Sutton, 26, left for San Diego, Calif., where their children have been staying during Sutton's five-day trial.

A Maricopa county (Phoenix) Superior jury acquitted Sutton yesterday of first degree murder in the fatal shooting of a onetime friend, William K. Boone, who became a love rival after the Suttons were separated.

## Radio Engineers Elect Officers

Officers were elected Wednesday night at a meeting of the Kingston Group, Institute of Radio Engineers, held at the Lake Katrine Grange hall.

R. O. Skatrud of IBM was elected chairman; C. J. Van Rijn of Rotron Corporation, vice-chairman; S. Schaaf of IBM, secretary-treasurer.

Following the election R. A. Henle of the IBM Poughkeepsie Research Center gave a talk on transistor switching circuits. Mr. Henle discussed basic parameters, temperature response and frequency responses of junction transistors and other application in several type circuits. Equivalent circuits and design equations were presented. The characteristics of new drift type transistors and design considerations for the millimicrosecond switching circuits was included. Advantages and disadvantages of the voltage mode DCTL and current mode of operations was discussed.

Future meetings of the IRE are planned for this fall.

**Senecas Protest**

New York, April 12 (AP)—U. S. Army Engineers' plans to flood 9,000 acres of Seneca Indian land along the New York-Pennsylvania border were criticized by speakers at the annual meeting of the Assn. on American Indian Affairs yesterday. Oliver La Farge, president of the association, said in a speech read for him: "The Corps of Engineers proposes a single large flood control dam on the Allegheny river that would flood out the heart of the reservation of the Seneca Nation, in gross violation of the oldest continuing treaty between Indians and the United States." He referred to the 1794 treaty which guaranteed to the Senecas land which would be flooded in the Army Engineers' plan to build a flood control dam on the Allegheny river at Kinzua, Pa., near Warren, Pa.

## Adventist Church Services Slated

Sabbath school of the Kingston Seventh-day Adventist Church will convene at 9:45 a. m. Saturday.

Mrs. Blanche DeSilva will lead out with opening exercises followed by class study of the lesson. The lesson this week is "The Outpouring of the Holy Spirit."

The mission period between Sabbath school and church services will feature a story from the Far East where the overflow of offering will go the end of this quarter.

Divine worship will begin at 11:10 a. m. The Rev. Jamile Jacobs has chosen as his sermon title, "When Predictions Are Fulfilled." Roland Rhynus, principal of the Jamaica church school will be among the visitors Saturday. He will have with him the girls trio from that church. They will participate in the church service.

At 6 p. m. Saturday there will be a special vesper service in First Presbyterian Church, corner of Grand and South streets, Newburgh, for Youth For Christ. Following the vespers, a social will be held in the recreation hall of the church. There will be songs, games and marches with refreshments under the direction of the social committee. Mrs. Bledsoe, Dr. Brannon and Mrs. Vital. All young people are invited to attend.

Prayer meeting will be held Wednesday at 7:30 p. m. to be followed by the soul-winning class at 8:30 p. m.

The Missionary Volunteers will meet at 7:30 p. m. Friday.

## Red Cross Fund Is Nearing Quota

During a meeting of the fund campaign committee of the local Red Cross Chapter Wednesday night, Attorney Francis X. Tucker, chairman, reported that 90.8 per cent of the 1957 requirements had been raised. Mr. Tucker asks the volunteer campaign workers to continue canvassing so that everyone will have an opportunity to support this vital campaign.

"The Dallas tornado has now added its weight to the blow struck at the financial resources of the American Red Cross by the Cumberland River floods," Mr. Tucker announced, "and every chapter in the nation is stimulated to even greater efforts to bring the campaign to a successful conclusion."

**All Ages Assist**

Volunteers of all ages have been hard at work to help the chapter reach its goal, the chairman pointed out. Boy Scouts did their part by distributing posters to business places at the onset of the campaign.

### THAT NEW LOOK IN SOFAS

How old is your living room sofa? Ten years — twenty — perhaps even thirty? Has it ever occurred to you how much pleasure you might derive from a fresh, new look in that much-used room of yours, and how little it would actually cost?

The old sofa has long since paid for itself in terms of wear, and wear, and wear. Why not discard it now and treat yourself to a new one with all the improved "insides" and the beautiful fabrics on the "outside"?

The Accord Furniture & TV Mart on Route 209 in Accord (just a short drive from Kingston) is currently featuring a sale on sectionals and 2-piece living room suites—all name brands—Pennsylvania House, Valentine Seaver, Kroehler, Englander—just to mention a few. Savings up to \$100. Visit their showrooms and browse through their displays any weekday to 5:30, Saturdays 9 to 9, and "open house" Sundays from 2 to 6.

Two young ladies, Miss Elaine Burgher, age 12, of 43 Glenn street, and Miss Nancy Smith, age 9, 72 Glenn street, called at the chapter this week to donate \$1.25 they had raised from the sale of Easter eggs.

Those who have not yet contributed are asked to mail their contribution to the chapter at 308 Clinton avenue to do their part to keep Red Cross "On the Job—When It Counts."

**8th Ward Over Top**

Mr. Tucker announced today that the 8th Ward was the first ward to go over its quota. Mr. and Mrs. Kenneth J. Roos, co-chairmen of the 8th Ward, have collected \$655.

Among those who assisted Mr. and Mrs. Roos in the drive are:

Mrs. Larry Guess, Mrs. Charles Henninger, Mrs. Margaret C. Miller, Mrs. Frank W. Thompson Sr., Mrs. Herbert Andersen, Mrs. Milton Grover, Mrs. Louis Fuscardo, Mrs. Clarence F. Uhl, Miss Barbara J. Schwartz, Miss Bertha Schupp, John Porsch, Henry Peyer, Raymond Cashin, Arthur Smith, Henry Kelsch and Benjamin Cohen.

## Army Inducts 9 In City, County

Two brothers were among nine young men from the city and county inducted into the U. S. Army April 10, it was announced today.

The two are Richard L. Minkler, 23, and his 19-year-old brother, Frederic C., of 19 Dunn street.

Richard's number was among those regularly scheduled for induction Wednesday and the young brother volunteered for induction at the same time because they wanted to enter the service together.

They and Stanley J. Woinoski, of 70 Murray street, were inducted by draft board 18 of the city.

Six others inducted by No. 19, the county board, were: Gerald D. Reynolds, Malden-on-Hudson; Edward R. Vitarius, Route 1, Box 125½, Kingston; Charles E. Berryann, Phoenixia; Arthur E. Dunn, Tillson; Clifton E. Van Nostrand, Tillson, and Richard A. Alexander, Port Ewen.

## Farm Bureau Is For Early Action On Milk Hearing

Ulster County Farm Bureau has urged Secretary of Agriculture Ezra Taft Benson to act speedily on the testimony submitted during recent milk marketing hearings.

These hearings have been held in cities throughout the state and in Newark, N. J., during the past nine months. They have now been completed and the 16,000 pages of testimony have been sent to Washington.

In a telegram to Secretary Benson, Farm Bureau President Philip Davis urged "that you consider this testimony promptly and issue the proposed order without delay."

There is optimistic hope in dairy circles that the new order would go into effect in July or August. This would help the dairy farmer now caught in the high price squeeze.

### Must Admit Negroes

Albany, N. Y., April 12 (AP)—A New York city beach club with 13,000 seasonal members was under court order today to declare itself a public facility and to admit Negroes. The Court of Appeals said yesterday the membership system at the Castle Hill Beach Club was "a mere sham" motivated by apprehension that Negro patrons would affect the profit potential. Owners of the Bronx club had said that it was a membership corporation and as such could restrict use of its facilities. The litigation resulted from a complaint by Mrs. Anita Brown of the Bronx, a negro, to the State Commission Against Discrimination. She said she had been refused a seasonal locker at the club on March 31, 1953.

### Cheatum Case Recessed

Albany, N. Y., April 12 (AP)—A pre-trial examination of Dr. E. Leonard Cheatum in a \$200,000 slander suit he brought against Louis A. Wehle was recessed today—possibly for two weeks. Attorneys were told today it would take one or two weeks to prepare transcripts of testimony affecting the slander suit given before the joint legislative "watchdog" committee. The Republican-controlled "watchdog" committee conducted an investigation into the deaths of pheasants at a state game farm.

### To Reject Red Note

Copenhagen, April 12 (AP)—Denmark is going to reject a Soviet note warning it against permitting atomic weapon bases on its soil. Premier H. C. Hansen told the Folketing (parliament) last night that the government will send the rejection to Moscow after the parliamentary foreign relations committee considers the matter further.

## PORT EWEN NEWS

No children's service this Sunday. Reception of new members at the regular service. At 6:30 p. m. senior MYF meets at the church house with Mrs. Sterling Atkins and Richard Winchell, sponsors. Senior choir meets Thursday.

### Two Motorists Held On Speeding Counts

Eugene P. Rescott, 23, of Westland Lake and Harold R. Price, 20, of Rockville City, were arrested at 7:53 a. m., today on East Chester street by officers George Dougherty and Gurnsey Burger, Jr., on charges of speeding.

Price is due in court April 16, and Rescott's case was put over to April 22 for trial after he pleaded innocent to the charge before City Judge Raymond J. Mino.

### VFW Names New Post Officers

Newly-elected officers of Joyce-Schirick Post, 1386, Veterans of Foreign Wars, were installed Tuesday night by Raymond Myer, past commander.

Vincent Eckert was installed as the new commander. Other officers for the year are: Ralph Scism, senior vice-commander; William Watts, junior vice-commander; Donald Robins, quartermaster; George Schatzel, adjutant; Leslie Munson, past commander, trustee for three years.

The Rev. James A. Dunnigan, pastor of St. Ann's Church, Sawkill, was installed as chaplain, while City Judge Raymond J. Mino was installed as judge advocate. Dr. Kenneth LeFever was installed as surgeon while Eugene Winter was installed as chairman of the house committee.

## Midwest Chilled

By The Associated Press

Temperatures fell to record lows for the date at many points in the Midwest today. Chicago's 21 tied an April 12 mark set in 1939. The 9 above zero at Valer, Neb., established a new record. Record lows were equalled at Sioux City, Iowa, with 15, and at Concordia, Kans., with 23. Bemidji, Minn., has 5 above zero, and the gentle voice of spring took on a b-r-r-r.

## Board Certifies Unpaid Taxes by Two Rail Lines

Included in the routine business transacted by the board of supervisors at a late starting meeting Thursday night was the presenting of the unpaid taxes owed by the O&W Railroad and the Ellenville & Kingston Railroad.

Over a period from May 20, 1937 to December 1, 1957, the O&W Railroad owed a total of \$6,286.63 and the Ellenville & Kingston Railroad owed \$53,022.70 in back county taxes.

### Line Now Defunct

The railroad, bankrupt, and now defunct is involved in the courts and it becomes the duty of the county to certify to the District Court the amount of unpaid taxes due. On motion of Supervisor McHugh (R) the locally owed tax will be certified to the court.

Ferris J. Davis, custodian at the county operated parking lots in the uptown section, requested a leave of absence due to ill health. The board granted a six months leave of absence on motion of Supervisor Rapp.

The annual report of the clerk of the Surrogate Court was received and filed.

On motion of Supervisor Phinney, (R) the county superintendent of highways was directed to take down and repair the flag pole on the court house lawn. The pole is in need of repairs and painting. After repairs are made it will be re-erected.

### On Forest Board

Nelson Shultis of Wittenberg, and William Tacorchik of 50 Hinsdale street, Kingston were named as members of the Ulster County Forest Practice Board. These men meet with the Conservation Commission representatives in consultation toward reforestation projects and other conservation plans.

It was announced that tickets for the annual Ulster County Supervisors Association banquet on April 25 were available at the office of the clerk. The affair will be held at Villa Nueva at Plattekill.

The board adjourned to meet May 9.

### Robber Sentenced

Baltimore, April 12 (AP)—A 27-year-old bank robber today began a 25-year prison sentence for the \$12,900 holdup of a Fidelity-Baltimore National Bank branch. Louis Arquilla also began serving a concurrent 20-year sentence for robbing a bank at Norton, Mass., last year. Another figure in the Baltimore bank robbery, 19-year-old Dorothy F. Barchard, was acquitted by a jury after less than two hours of deliberations. U. S. District Court Judge R. Dorsey Watkins sentenced Arquilla a few minutes after the jury retired to consider Mrs. Barchard's case. When the jury returned the acquittal verdict, the slim, plain-featured girl smiled broadly. Arquilla had testified vigorously in behalf of Mrs. Barchard, his girl friend, during the trial.

## Co-operative Has 17th Anniversary Date Wednesday

Shawangunk Co-operative Dairies, Inc., celebrated its 17th birthday Wednesday night with a banquet served at the Accord Reformed Church where the Ladies Aid served 259 members of the co-operative.

The annual meeting was held following the dinner, when the business for the past year was presented.

There were a number of pleasant surprises for the members in the various reports.

John Geary of Wawarsing, president of the Co-operative presided.

### Directors Elected

Directors elected for the usual terms were: Irving Moshier of Ulster Heights; William Anderson of Accord; Arthur Van Aken of Stone Ridge and George Gately of Neversink.

Harry Snyder of Stone Ridge, treasurer and general manager, submitted a report which revealed the excellent condition of the Co-operative.

Shawangunk Co-operative Dairies, Inc., which owns and operates Foodmore Farms Dairies, was started 17 years ago and at that time was one of the smallest milk handling companies in Ulster county. As of now it is Ulster county's largest distributor of milk and milk products with an overall gross business as reported to the members for the year 1956 of \$2,098,485.41.

### Big Increase Noted

The increase of business for 1956 over 1955 amounted to \$323,673.83.

It was shown by the figures presented that although operating costs in the gross amounts had been increased as of 1956, the actual cost of handling milk units had made an approximate 10 per cent decline due to this large increase in volume for the year.

Over \$97,000 was spent in 1956 for new, better and larger equipment and this also reduced the operating costs per milk unit.

### More Wait to Join

The annual report showed that a large number of new dairies had joined the co-operative so far this year and there was a substantial list waiting to join as soon as trucking arrangements could be consummated.

It was reported at the meeting that Harry DeWitt of Cottekill who is a director and also served the Co-operative as secretary for the past six years had been taken to the Benedictine Hospital and was seriously ill. A motion of sympathy was presented and a hope for speedy recovery was unanimously passed. Copies of the resolution will be sent to his family.

### Infiltrator Killed

Tel Aviv, Israel, April 12 (AP)—An Israeli army patrol killed an Arab infiltrator from the Gaza Strip and chased two others back across the border last night, military headquarters announced. A spokesman said the patrol opened fire on the three infiltrators at Nir Itzhak.

## R. D. Williams, Noted Organist, Dies on Thursday

Robert D. Williams, 66, director of music in the Newburgh school system for many years, and a former organist at St. John's Episcopal Church here, died at North Adams, Mass., Hospital Thursday. He was seized with a heart attack on April 1 while on a trip making arrangements for a concert at Williams College.

Well-known in this area, he had served over 20 years as organist and choirmaster at St. John's Church, as director of the Kingston Mendelssohn Club and also as director of the Saugerties Glee Club. He resigned as choirmaster and organist several years ago.

One of the most popular educators of the Hudson valley, his activities throughout the area have contributed much to the character building of the youth, including many in Kingston and Ulster county and he had contributed much to the cultural life in New York state.

He was considered one of the foremost musicians of the Hudson Valley. In recognition of his contribution to the cultural life of the area, a movement has been started to establish the Robert D. Williams Scholarship Fund in Newburgh.

Friends have been asked to contribute to the fund, instead of sending floral tributes. Contributions may be sent to the Scholarship Fund at Newburgh Free Academy.

Funeral services will be held at St. George's Episcopal Church, Newburgh, Saturday at 10 a. m. and also in Perth Amboy, N. J. at 3 p. m.

pears that the establishment of a community college is a worthy project which merits the wholehearted support of this board of supervisors.

Such a project will require a great deal of planning and further study before this board can take the final steps toward the establishment of such an institution. I therefore respectfully request that this board authorize me as chairman to appoint a committee of its members to meet with representatives of civic groups and state agencies for the purpose of further studying the proposal for the establishment of a community college and making definite plans and recommendations for this board to follow in the establishment of such education institution.

cut back order until the appropriation was actually made. Asked today whether the White House was considering any emergency procedure to insure Saturday mail deliveries, Presidential Press Secretary James C. Hagerty replied: "No."

### Equipment Fund

Chairman Cannon (D-Mo.) said the six million dollars which the House Committee denied Summerfield, in voting for 41 million dollars instead of the 47 million asked, represented expenses for the purchase of equipment which could be "deferred or eliminated."

The committee sent no directive to Summerfield involving continuation of the postal service, but Rep. Rooney (D-N.Y.) said "he should rescind immediately his curtailment order."

## DO YOU REMEMBER

By SOPHIE MILLER

Those who are history-minded and hope to take their children on a trip this summer perhaps will visit the Jamestown Festival where the people of Virginia have built a stockade something like we had back in the 1600's which is today our uptown business section.

It is Jamestown's 350th Anniversary since the first James Towne fort of 1607 was built and they copied it from descriptions and drawings left by the early settlers. Inside the stockade of pointed, upright logs stand rebuilt thatched-roof huts and other buildings which should thrill the youngsters.

At the Powhatan Lodge down there, James Ware, a real Virginia Indian of the Rappahannock tribe is in charge. When not playing the role in full regalia for the festival he is a farmer and speaks with a soft Southern drawl.

Another item in that section is the excavation in 1930 of what they feel is the American first industry, a glass factory. They found the stones that formed the foundations of the first furnaces. The glass makers of America have built a working duplicate of

the first glass factory a few feet away. Experienced glass blowers will be there making interesting glass items.

It seems the original glass factory failed. We had glass factories around about here, in Ellenville, in Kingston and in Woodstock so they say.

The boys and men of the family will no doubt spend much time looking at the rebuilt full size reproductions of the three sailing vessels which carried the Jamestown settlers across the Atlantic.

Barnett D. Laschever, resort and travel editor of the Sunday New York Herald Tribune in the Sunday, April 7, 1957 issue writes in part that he was amazed at the smallness of those sailing vessels. "It is fairly incredible to imagine how the two smaller boats were able to cross the Atlantic."

The Discovery is hardly larger than a present day lifeboat. In another part of the article, they give the weights of the boats. Susan Constant is 100 tons; the Godspeed is 40 tons, and the Discovery is 20 tons. The famous Mayflower weighed 180 tons.

It is usually during such celebrations that writers and histori-

ans dig down deep and come up with whatever exciting information they can find which are not often found in history books. I have often found in reading speeches of famous political and historians at such celebrations that they have gone through no end of research to come up with interesting information and often if those speeches are not printed somewhere they are lost and forgotten.

The above writer was one of a group of the American Airline press who were invited to the beginning of this celebration. One of the activities arranged for them was an early breakfast with the menu calling for the same kind of food eaten by the early settlers.

This is in his own words: "We were aroused out of our warm beds in the new Williamsburgh Motor House at 6 a. m. and rushed out into the woods, there to partake of such delicacies as raw oysters, turkey hash, venison, fried hominy grits, apple cider, strawberries, grapes, etc." I guess it was more than he could take so early in the morning, and he does not understand how the early settlers could either.

More than one-half of Ontario, Canada's second largest province, is forest.

## Play Is Bad as Bidding

By OSWALD JACOBY  
Written for NEA Service

South's bidding was criminal and his play of the hand sheer butchery. The combination added up to tragedy.

West's double of four spades was silly from one standpoint only. North or South could run out to four no-trump and that contract might make easily.

However, West knew his birds and was really delighted with North's redouble.

South won the opening lead with his queen of trumps. East discarded a low diamond. At this point South could escape with a one trick loss by leading a heart toward dummy and finessing, but he seemed determined to play as large a penalty as possible.

South played the king, ace and another diamond. He trumped. West overruffed and led the seven of clubs. It went ten, jack, ace and now South came up with another bad play. He led a club back. East won the king of clubs and laid down the queen of diamonds.

West overruffed again and led a trump. South won in his own hand and finally led a heart and finessed. East won his third trick and played the last club. It did not matter what South did now. He still had to lose another heart trick and was down three for a loss of 1600 points.

If South had raised North's two no-trump bid to three as he should have, North would almost surely have made the bid. In any event no one would have doubled and no one would have been hurt.

## Briefly Told

Albany, N. Y., April 12 (AP)—The 1957 navigation season on the state Barge Canal began today with the opening of the Champlain section.

The Erie section between Buffalo and Herkimer and the Oswego section will open Monday.

Opening of the Schenectady-Herkimer portion of the Erie section also was scheduled for Monday but will be delayed five to seven days to allow completion of contract work, the State Public Works Department said yesterday.

Stuyvesant, N. Y., April 12 (AP)—The body of an unidentified man was found by a fisherman yesterday on a bank of the Hudson river near this Columbia county village.

Police said the man apparently was in his late 40s.

Buffalo, N. Y., April 12 (AP)—Authorities today searched for the cause of a fire that took the life of an 84-year-old cobbler and caused \$35,000 damage to a building at a children's home last night.

Joseph Potoczny, a shoemaker at the Immaculate Heart of Mary Children's Home in suburban Cheektowaga, was killed when flames swept through his shop on the second floor of the two-story brick building.

Three firemen were injured. They were reported in good condition at hospitals.

Hornell, N. Y., April 12 (AP)—William M. Stuart, 73, of nearby

Canisteo, a former state assemblyman, died in a hospital here last night after a long illness. He represented Steuben county in the Assembly from 1937 to 1952.

Syracuse, April 12 (AP)—The president of the Delaware, Lackawanna & Western Railroad says the present rational administration has done more harm to railroads than any administration in recent history.

In a speech yesterday, Perry M. Shoemaker listed the St. Lawrence Seaway, the interstate highway program and continuation of an excise tax on trans-

portation as developments harmful to his industry.

# Ulster County Savings Open House on Saturday

The Ulster County Savings Institution banking house at 280 Wall street, completely rebuilt and enlarged, will be open for public inspection on Saturday afternoon from 2 to 7 p. m.

At the grand opening of this largest, oldest and now most modern savings bank in Ulster county, the public will have an opportunity to inspect the facilities during open house hours.

On entering the bank through the automatic electronic controlled doorway, the first thing to impress one is the spacious customer space and the large well lighted working space.

**Takes Entire Ground Floor**  
Prior to rebuilding, the bank occupied only a portion of the first floor, a small portion being devoted to store purposes. The renovated structure includes the entire ground floor with the exception of an entrance and elevator space giving access to the two upper floors.

To the right of the spacious lobby is a receptionist space where customers having business with an official may rest and immediately adjoining is the office of President Pratt Boice. Adjoining is the office of Treasurer Victor Roth. The entire bank is unusually light and at the windows are drapes contrasting with the wall to wall carpeting of the customer space and with the African striped mahogany trim and furnishings.

**All Air Conditioned**  
Back of the working space where customers are served through several teller windows, is located a conference room and adjacent are the employee rest rooms and locker space.

The entire building is air conditioned with individual controls on each floor. A sprinkler system also protects the entire building.

There are actually three vaults, the old vault in the basement being retained for storage of papers and records of lesser value while in the basement is located a new large storage vault for records. This vault is located directly under the main vault upstairs and is 28½ feet by 18½ feet in size protected by a modern Mosler time door.

**Has Kitchen Lounge**

Also in the basement is an electrically equipped kitchen for use by the help and a large lounge for use of employees.

The main vault is located on the main floor directly to the rear of the working space. This contains the new safe deposit

box department, a special enclosed inner vault for money storage, and a large "mortgage room" where mortgages and records are kept in steel enclosed filing cabinets.

## Features of Vault

One of the features of the large vault, one of the largest and most modern between New York and Albany, is an "escape hatch" through which entrance to the main vault may be made in the event of failure of the timing device on the main door. There is also a phone in the vault which gives direct connection outside and a small emergency door leads to the "mortgage closing" room. Through this door a person confined to the vault may communicate to the outside and through a small aperture food may be passed in should someone be locked in the vault and other means of escape be barred pending operations of the time clocks.

All vault combinations are "dual controlled," making it necessary for at least two persons with portions of the combination to act in opening the doors.

## Facilities for Customers

In the customer space are located several booths for customer use, public rest rooms and other facilities.

The trustees room, where monthly board meetings are held, is located on the lower floor.

Adjacent to the banking space is a "music room" where hi-fi music is dispensed at intervals to relieve the tension during busy hours.

## Attorneys Have Offices

The entire second floor of the building is occupied by the Metropolitan Insurance Company and on the third floor are offices. Among those on the office floor are Howard C. St. John, James Matthews, Robert Ronder, William H. Grogan, attorneys, and also Roger H. Loughran, attorney for the bank.

Hanging in the lobby of the bank is an oil painting by Paul Wedey Arndt, copied from an original by John Vanderlyn now in the Senate House, of the first depositor of the bank back in 1851, Severyn Bruyn.

## Chartered in 1851

Since the bank was chartered by a special act of the State Legislature on April 12, 1851, it being the 37th charter granted in the state, there have been ten presidents. Archibald Russell was the first president in 1851 and

others were Jansen Hasbrouck, Augustus H. Bruyn, Charles W. Deyo, Alton B. Parker, John W. Searing, Elbert H. Loughran, William C. Shafer, Joel Brink and Pratt Boice who has served since 1940.

The bank which was recently rebuilt was built on the present site in 1870 at a cost of \$77,000. Since its charter there have been seven treasurers Jacob K. Trumbour, Edwin W. Budington, James E. Ostrander, Nicholas E. Brodhead, John B. Alliger, James J. O'Connor and Victor H. Roth who has served since 1945.

## List of Officers

Present officers of the Ulster County Savings Institution are: Pratt Boice, president; John H. Saxe, first vice-president; Arthur G. Carr, second vice-president; Herbert E. Thomas, third vice-president; Victor H. Roth, treasurer; John A. Fassbender, assistant treasurer; Irving Kotrady, teller; George L. Berry Jr., auditor; Roger H. Loughran, attorney.

Trustees — Harry J. Beatty, Harold S. Brigham, Arthur G. Carr, Pratt Boice, Roscoe V. Elsworth, Chester A. Baltz Sr., Roger H. Loughran, John H. Saxe, James A. Simpson, Herbert E. Thomas, Alfred Schmid, Herman C. Schwenk, Howard C. St. John.

## Nautilus at Sea

Groton, Conn., April 13 (AP)—The atomic submarine Nautilus is at sea once more today—after her first refueling. The Nautilus, which started cruising Jan. 19, 1955, traveled 60,000 miles on her first charge of nuclear fuel. She put in for refueling two months ago and left yesterday with her new charge—"about the size of a softball," the navy says.

## Jayne Wows Premiere

Hollywood, April 12 (AP)—Warner Brothers premiered "The Spirit of St. Louis" last night, but Charles Lindbergh would have had to land his plane in the theatre lobby to steal the show from Jayne Mansfield. The voluptuous actress, wearing a far from plain gown that had fans and photographers in a spin, put on a show seldom seen in the dignified Hollywood of today. Assisted by her boy friend, musclemann Mickey Hargitay, onetime Mr. Universe, Jayne even autographed programs for the fans in the top row of the bleachers.

## To Study Wounds

Edgewood, Md., April 12 (AP)—The army has officially opened a laboratory where it will study precisely the effect of a bullet tearing into flesh so that it can better protect the fighting man. In true army fashion, the flesh will be simulated. The bullets will be fired into globs of gelatin which closely resemble the muscle-tissue in texture. The army calls this investigation a "study of wound ballistics" and it will be carried on at a wound ballistics facility opened yesterday at the army chemical center here.

## G-U Makes New Coffee Price Cut

Waterford, April 12 — The Grand Union Company, which six weeks ago reduced prices of the company's two most popular brands of bagged coffee and prices of nationally advertised vacuum packed and instant coffee, today announced reductions

up to 4 cents a pound in prices of nationally advertised vacuum packed coffees, effective immediately. This follows a 3 cents a pound cut in prices of these brands made by Grand Union on

February 26.

Chase and Sanborn and Maxwell House coffees have been reduced from \$1.09 per pound to \$1.05 and similar reductions have been made on other brands. The Eastern food chain also announced a 2-cent reduction today in the price of its Grand Union brand bagged coffee, to 93 cents a pound from 95 cents. Its Nancy Lynn vacuum packed coffee is also being reduced

2 cents, to 97 cents from 99 cents.

Six weeks ago, Grand Union reduced the prices of its Early Morn coffee by 4 cents per pound, to 83 cents from 87 cents. It also dropped the price of its Freshpak brand by 2 cents a pound, to 89 cents from 91 cents. These low prices have been in effect continuously since that time.

## Woodstock News

By RICHARD E. THIBAUT, JR.

### Community Prepares For Memorial Day

Woodstock, April 11—Preparations for the biggest Memorial Day observance to be held in this village continued satisfactorily, according to the Legion Post Adjutant Elwin J. Cooney. All who have been invited to participate have been most cooperative, he said.

Bob Browning, "Dean of Hudson Valley Newscasters," was one of the organizers and is a charter member of Woodstock Post 1026, American Legion. Mr. Cooney said that Bob Browning has indicated great interest in the Memorial Day plans, and has promised to make every effort to be in this village that day. Comrade Reinold Matheson, who has been wintering in New York city, a former member of the New York city Police Clee Club, will be on hand too, and has agreed to participate by singing at both the Memorial Mass at St. Joan of Arc Chapel in Woodstock at 9 a. m., and at the services at the Town Hall at 10 a. m.

### Extend Invitation For Children's Concert

Woodstock, April 11—Mrs. Charles Wolbers, dance director of New Paltz, has issued an invitation to residents of this village to attend "An Afternoon of Dance," a concert for children, performed by adults from the college and community of New Paltz, Saturday at 3:30 p. m., in the New Paltz High School auditorium. There will be a donation for the benefit of the Morillo Park Fund.

### List Holy Week Catholic Services

Woodstock, April 11—The following schedule of Holy Week services in the Roman Catholic Churches in the area have been announced: Palm Sunday—8 and 11 a. m., Woodstock, Chapel St. Joan of Arc, 9 a. m.; West Hurley, St. John's Church, 9:30 a. m. West Shokan, Chapel, St. Augustine's, Blessing of Palms and Procession at 9 a. m. Mass, West Hurley; April 18, Holy Thursday—West Hurley at 7:30 p. m., Last Supper service, All night adoration for men, Adoration for parishioners until 3 p. m., Friday; April 19, Good Friday—West Hurley at 3 p. m., Adoration of the Cross and Holy Communion service; April 20, Holy Saturday—West Hurley at 11 p. m. Easter Vigil Service, Blessing of Fire, Procession, Blessing of Pascal Candle and Baptismal font, Midnight Mass, Easter, April 21.

Other Easter Masses: 9:15 a. m. West Hurley, 9:30 a. m. West Shokan; 11 a. m. Woodstock. Palms will not be distributed until after the 9 o'clock Mass. There is no fast and no abstinence on Holy Saturday. Eucharistic Fast: Three hours, no food, one hour, no liquid even for midnight or morning Masses.

### Methodist Church Services Scheduled

Woodstock, April 11—The sermon topic for the churches of the Woodstock Parish for Palm Sunday, will be "When Jesus Enters Woodstock, What Does He See?"

Palm branches will be given to all who worship. Holy Communion will be administered at Wittenberg service at 12 noon.

A religious movie entitled "The Lord's Crucifixion" will be shown Friday at the Youth Center at 7 p. m. The same film will be shown during the Sunday school hour 9:45 a. m. at Woodstock Sunday. This film is a portrayal of the happenings from the time Jesus is led from Pilate's judgment hall until His final hour on the cross. Everyone is invited. Friday evening at the Woodstock Church, the cast of the Easter Cantata will practice at 7:30 p. m. At 8 p. m. of the same evening the choir will join the cast for a full rehearsal.

### Set Union Services

Sunday is the beginning of Holy Week. Union services of worship will be held Monday, Wednesday and Friday at 7:30 p. m. Monday evening the Rev. Garnet Wilder of the Methodist Church will preach at Christ Lutheran Church. Wednesday evening the Rev. G. Oliver Sands of the Lutheran Church will preach at the Dutch Reformed Church and Friday evening the Rev. Harvey I. Todd will preach at the Methodist Church.

Those of the Methodist Parish or community who would give memorial Easter lilacs (in memory or in honor) of loved ones may contact Mrs. Wilder before Monday. The cost of the lilacs will be \$3 each and after the evening service these persons who have given them may take them home.

### CAB Needs Three Months to Study Cause of Crash

New York, April 12 (AP)—The Civil Aeronautics Board says it will take about three months to reach conclusions regarding the cause of the crash of a North-east Airlines plane with a loss of 20 lives.

The DC-6A plane, with 101 crewmen and passengers aboard, crash-landed and burned on Rikers Island in the East river on Feb. 1 during a snowstorm. It had taken off only a moment before from La Guardia Field.

The CAB yesterday wound up an eight-day hearing during which about 75 witnesses were heard and some 1,200 pages of testimony taken.

Final witnesses were Capt. Alva Marsh, pilot of the Miami-bound plane, and his co-pilot, Capt. Basil S. Dixwell. Both men repeated previous testimony concerning the accident.

At the conclusion of the hearings, Alfred A. Lane, Northeast's vice president in charge of operations, said the company was satisfied that "nothing we did or omitted to do had any causal relation with this accident."

Brazil is building relay towers on its mountain tops to beam television communication to receiving sets on lower levels.

### In Louisiana

**PVT. RALPH NELSON JR.**, son of Mrs. Ralph Nelson of West Hurley, and two Signal Corps companions are now stationed at Ruston Municipal Airport, Ruston, La., in preparation for the spring maneuvers in that area. Pvt. Nelson, attached to the 229th Signal Corps, is one of three mechanics sent to the field to service light reconnaissance planes which will take part in exercise "King Cole" and "Sledge Hammer," during the next couple of months. The field was one of the major light plane air centers during exercise "Sage Brush" in 1955.

### Mt. Marion

Mt. Marion, April 11—The Young Adult League of the Plattekill Reformed Church will sponsor a round and square dance in the church hall Friday night at 8:30 p. m. Refreshments will be available.

The regular monthly meeting of the league will be held Saturday night, April 27.

### Saugerties VFW Loyalty Day Plans Announced

The Saugerties Loyalty Day observance will begin Saturday, May 4 with religious services—a Mass celebrated at St. Mary's Church at 9 a. m. and special services in the First Baptist Church at 10:30 a. m.

The annual parade sponsored by Saugerties Memorial Post 5034, VFW will assemble at Barclay Heights at 1:30 p. m. and will step-off at 2 p. m.

Seven Drum Corps

Seven area musical marching units have been contracted to provide the cadence for the marchers. They are: Saugerties Drum Corps, Fathers Hart Drum Corps, Port Ewen Drum Corps, Joyce-Schirick Post 1386, VFW Drum Corps of Kingston; Kingston Boy Scout Troop 12 Drum Corps, Catskill Boys Drum Corps and Port Ewen Junior Drum Corps.

Adding charm and beauty to the parade will be Miss Loyalty and Miss Saugerties, each seated in open convertibles.

Miss Loyalty, still to be chosen, will be designated at the Loyalty Day dinner May 1 at the VFW Hall. She will be chosen from among the first place winners in the Loyalty Day essay contest held each year in conjunction with the observance. Those eligible are Barbara Dennis, Janet Schlenker and Karen Eckerlein.

Last year's Miss Loyalty was Zane Lauva, high honor student of Saugerties Central High School.

Miss Saugerties, chosen last May 29 is Lauretta Tierney who will parade under the banner of Saugerties Area Chamber of Commerce.

## School Consolidation Explained

Second Petition Asks Time  
Be Set for Rural Voting

Yesterday's article described the first petition and its function in getting a possible enlarged city school district laid out. After the district has been established, it is necessary that a second petition be submitted. This second petition requests the Commissioner to set a time and place for a vote on consolidation. Although the first petition must be signed by a majority of the voters of each district, this second petition need be signed by only 100 qualified voters from the proposed consolidated district as a whole.

**Voting Places Established**  
As soon as this petition has been received, the Commissioner

sure that, although the desire of the majority of the voters will be determined, it will be impossible for any given district or area to determine whether its votes were for or against consolidation. This is necessary to prevent recriminations between neighborhoods.

If the rural vote favors consolidation, the city must decide whether or not it wishes to accept the rural districts. Under the law this decision must be made by the city Board of Education and expressed by them as a resolution. The Kingston Board of Education has decided that it does not wish to make this decision unaided and will therefore take steps to determine the wishes of the city voters in the rural areas. Voting places will be established wherever necessary to allow all qualified voters to vote with a minimum of inconvenience. Before the vote is counted, however, all ballots will be brought to a central place and mixed together in a single container. This will en-

ers before announcing a decision.

**City Must Agree**  
If the city agrees to accept consolidation, it then becomes a fact, and the commissioner will determine the starting date.

If the rural vote rejects consolidation, another vote may be held after one year, but before two years have passed. If no second rural vote is held, or if a second rural vote also rejects consolidation, the district as laid out by the commissioner becomes void, and nothing has been accomplished.

If the rural vote favors consolidation and the city rejects it, it may be hoped that the Commissioner would authorize some other form of reorganization for the rural areas. Although this would be very expensive to establish, it would be far better than our present situation.

The next article will be the last of this series and will suggest what you can do to assist in the establishment of this proposed Greater Kingston Consolidated School District.

Heart Group Has  
Rheumatic Fever  
Guide for Parents

A new booklet directed especially to parents whose child has rheumatic fever has been added to the publications on this subject now available from the American Heart Association and from the Ulster County Heart Chapter, it was announced today.

The booklet "If Your Child Has Rheumatic Fever," provides useful information for reinforcing the physician's advice. The Heart Association pointed out that physicians may wish to distribute the booklet to parents of children they are treating. It will also be of interest, it was stated, to social workers and public health and school nurses who are required to interpret the physician's instructions to parents.

**Stresses Protective Measures**  
Rheumatic fever is a disease that most often occurs in children and young adults and that sometimes results in heart damage.

"If Your Child Has Rheumatic Fever" discusses the problems of care of young patients during the acute and convalescent phases of the disease and emphasizes the importance of protective measures to prevent return attacks. Unlike most childhood diseases, rheumatic fever is recurrent and each repeat attack greatly increases the danger of heart damage. However, most recurrences can now be prevented through continuous use of penicillin or sulfa drugs under the physician's supervision. These measures prevent new streptococcal infections that generally precede rheumatic fever attacks.

**Questions Discussed**  
Among the questions discussed

by the booklet are the significance of heart murmurs, behavior changes in ill children, reasons for selecting home care or hospital care for a particular child, guidance regarding activities during and after the acute phase and the availability of help from public and voluntary agencies.

**Other Publications**  
The booklet is the latest in a series of Heart Association publications for the public on various aspects of prevention and care of rheumatic fever and rheumatic heart disease. Others include:

"Now You Can Protect Your Child Against Rheumatic Fever"—An illustrated leaflet emphasizing the role of parents in obtaining prompt medical care for strep sore throats and other streptococcal infections which may precede rheumatic fever. Spanish edition available.

"Heart Disease in Children"—Basic facts about rheumatic fever, rheumatic heart disease and congenital heart defects.

"What You Should Know About Rheumatic Fever"—Answers to questions most often asked about rheumatic fever. Spanish edition available.

"Have Fun... Get Well!"—A booklet suggesting recreational activities for young children and teen-agers during the acute phase of rheumatic fever when complete bedrest is essential. What the Classroom Teacher

Should Know and Do About Children With Heart Disease"—Essential facts about rheumatic fever, rheumatic heart disease and congenital heart disease designed to help teachers understand the physical and emotional problems of affected children so they can help them adjust to classroom situations with as few restrictions as possible.

All of these publications are available from the Heart Chapter of the Ulster County TB and Health Association, 74 John street.

College Visiting  
Day Scheduled at  
Paltz Saturday

Upwards of 300 prospective students and their parents have been invited to attend College Visiting Day on Saturday at the State University Teachers College, New Paltz.

Those invited will be from nine counties in the Mid-Hudson area, according to John G. Vett, coordinator of field relations. Two other visiting days will be scheduled later this spring to invite prospective students from other sections of the state.

Visitors will register in the

Administration Building at 9 a. m. and then will be given the opportunity to visit the various college classes and to take guided tours of the campus. A general meeting of the entire group will then be held in the college auditorium at 12 noon, followed by a luncheon at 12:45 p. m. in the College Union Building. The visitors will be guests of the college for luncheon.

Mr. Vett explained that the students invited are among those who have been accepted to the college for next September, or who have sent in applications for admission. He said that beginning at 2 o'clock college officials will be available for personal interviews and conference with the visitors.

## DAR Spring Meeting Is Held; State Regent Speaks Here

At the annual Spring luncheon of Daughters of the American Revolution held at the Chapter House recently, Mrs. Thuman C. Warren, New York State Regent was guest of honor.

In her address to the assemblage, she remarked that since 1903 the DAR has maintained a consistent policy of national defense with emphasis on education.

In regard to mental development in our schools, Mrs. Warren advocated less emphasis on the secondary subjects and more concentration on academic subjects. She also voiced the opinion that there were too many programs not conducive to mental growth. Mrs. Warren also advocated stronger adherence to the Declaration of Independence.

Mrs. Clair Sheaffer, regent, presented past regent pins to Miss Louise Van Hovenberg, regent from 1933 to 1936 and Mrs. Burdette Tuttle, regent from 1936 to 1939.

A resolution expressing deep regret for the death of a member, Miss Mary Hume, was presented by Mrs. J. Baker Burroughs.

During the business meeting, Mrs. John Garon, chairman of community services, reported that members were transporting CP children to the Cerebral Palsy Center.

Mrs. Adam H. Porter, state vice chairman of Civil Defense, announced that on May 21, a meeting of the state officers, directors and chairmen of district 3, will be held at the Baptist Church in Kingston. There will be a morning session at 10:30 a. m. and luncheon at 1:30 p. m. The afternoon session will begin at 2 p. m.

Mrs. Porter and Mrs. Cloyd Elias will represent the Wiltsyck Chapter at the Continental Congress of Daughters of the American Revolution in Washington, D. C., during the week of April 15.

A nominating committee, consisting of the following, was also appointed: Mrs. Raymond Gross, chairman, Mrs. Maynard Mizel, Mrs. John Garon, Mrs. Adam H. Porter.

Mrs. Walter Tremper program chairman, presented Richard Bunting, a member of Kingston High School choir, who sang several selections.

Miss Francine Turk was at the piano.

Hostesses included the Mmes. Charles Terwilliger, chairman, Maynard Mizel, Robert Empingham, Howard St. John, Melvin Coutant.

Those who served were the Mmes. Edwin Strong, Herman Schwenk, John Garon and Harry Rigby.

Ulster Artists Hold Exhibit in Bank

Mrs. Joseph Deegan, president of the Ulster County Artists Association, and William F. Edelmuth, art director, told The Freeman that the recent art exhibit at the Rondout National Bank was successful.

Paintings by local artists, who are members of the association, were on display.

This is the first time an art exhibit has been shown in a local bank. It was permitted through the courtesy of James A. Dwyer, president of Rondout National Bank.

Participating in the show were the following artists: Carolyn Gross, Margaret Finn, Mary Abernethy, Stella Atkinson, Celia Brooks, Ella Arnold, Granville Rider, Howard Nickerson, Hilda Markle, Dorothy Kraus, Andrew Hickey, Margaret Scheutz, James Carchidi, Doris Ashton, Irene Owens, William F. Edelmuth, Ann Griffith, Mary O'Connor, Esther Houghtaling, Mary Gannon and Edward Baker.

ATTEND MEETING FOR NURSES—Present for the monthly meeting of New York State Nurses Association, district 11, which was held at Benedictine Hospital Wednesday were (l-r) Miss Evelyn Mayhan, educational director at Kingston Hospital; Miss Rosemary Pellegrino, director of Nursing, Kingston Hospital; Sister Mary Camilla, assistant director of nurses, St. Francis Hospital, Poughkeepsie; Sister Mary Callista, director of nursing, Benedictine Hospital and Sister Mary Charles, educational director, Benedictine Hospital. ## Accreditation of Local Nursing Schools Is Discussed at Meeting of Association

The monthly meeting of district 11, New York State Nurses Association was held at the Benedictine Hospital Wednesday night and Sister Mary Camilla, educational director of St. Francis Hospital, Poughkeepsie, spoke to the group about accreditation of nursing schools.

Sister Camilla defined accreditation by quoting Lucille Petry Leone as "certification by a recognized authority as maintaining or conforming to certain established standards as that given to medical schools, hospitals and schools of nursing."

The group also learned that according to statistics, 12.9 percent of all hospitals in the

United States were accredited by the American College of Surgeons by 1918. In 1951, 81 percent of all hospitals were accredited by the American College of Surgeons.

The ultimate purpose of national accreditation of schools of nursing is the improvement of nursing service.

Values of accreditation are many. These points include helping the school achieve desired levels of excellence, stimulating recruitment of more desirable applicants and giving the nursing school prestige which is of potential value to the faculty, students and hospital.

Accreditation also prevents

stagnation of the curriculum and it is a protection to students and general public alike.

The school's own philosophy and objectives and those set by the National League of Nursing serves as a basis for judging schools.

Miss Esther A. Schisa, RN, served as program chairman for the meeting.

The group was largely attended by graduate professional nurses of Greene and Ulster counties representing hospital nursing, teaching faculties, public health, school nursing and private duty.

Directors of nurses from Benedictine Hospital, Kingston Hospital, St. Francis Hospital of Poughkeepsie and Catskill Memorial Hospital were present for the meeting.

ALUMNAE DECORATE ROOM—Kingston Hospital Nurses' Alumnae Association has completed a redecorating project in the nurses' residence. Shown in one of the rooms are (l-r) Mrs. Olive Spinneweber, president, and Miss

Charlotte Balsano, student nurse. The Association will endeavor to conduct various programs to help defray expenses of the project. (Freeman photo)

## Two Broadway Plays Open, 'Merry Widow' Brings Back Kiepura, Lahr Is in Comedy

Comedy, like love, is a fragile thing and in "Hotel Paradiso," which opened at Henry Miller's Theatre on Broadway in New York city last night, there was a combination of love and comedy in right proportions.

Franz Lahr's "The Merry Widow" which returned to Broadway at the New York City Center Theatre was received with orchestral hurrahs and with occasional dissenting comments.

"Hotel Paradiso" is a sort of a teacher in the way of entertainment. You can't make sense from it and, as a final endeavor, you have a good laugh. You laugh your head off at every change of pace of the performers, then wonder what you were laughing about. There isn't a single gag in the whole play which you could quote, but you laugh all the way through the three acts of this subtle story which happened in Passy, a suburb of Paris, in the spring of 1910.

This is originally a French farce by Georges Feydeau and Maurice Desvallieres, which has been given excellent English translation and direction of Peter Glenville.

The play provides an idea and platform for bountiful burlesque comedy with master comedian Bert Lahr in the starring role. Lahr plays a dramatic role of Boniface, an architect. He plays straight face and without the usual clown makeup he has worn in Broadway musicals and in movies.

"Hotel Paradiso" isn't important, a minor peccadillo for the Broadway stage. But it is handsomely produced with a cast of players who can delightfully make something out of almost nothing. So particular salutes to the performances of Lahr, Miss Lansbury, John Emery, Vera Pearce, Douglas Byng and Sandra Lee.

Kiepura and Eggerth Star "Merry Widow" is still a lovely operetta. It was first presented on Broadway in 1907, and it was again produced in 1933 and 1944 with Jan Kiepura and Mar-

## New Paltz Group Plans Dance Program

A group of New Paltz College and community dancers have prepared "An Afternoon of Dance" for Saturday, April 13, at the New Paltz High Auditorium.

Purpose of the program is to illustrate the versatility of contemporary dance in subject matter and accompaniment, to instruct as well as to entertain and to interest a wide range of age levels with emphasis on the youngsters.

Jerry Conques, a dance major at the Juilliard College of Music will be guest artist.

Mrs. Charles Wolbers is director of the production.

The concert will include the lively folk-quality of dances in Cowboy Capers and Mexican Suite, an Easter narrative and a gay Circus group.

For accompaniment, vocal, percussion and instrumental music will be used. The pre-classic Minuet will be done to the music of the harpsichord.

Miss Ileana Gomez, New Paltz State Teachers College student, will also participate. She will appear in the Mexican Suite doing two dances of her native country.

Tickets for the concert may be purchased at the door.

Proceeds will be used for the Mike Moriello Memorial Park Fund.

## Anna Devine School To Give Minstrel

### HOLDING CONVERSATION ON THE STREET

The following letter is from a girl: "My mother, who is a stickler for etiquette, tells me that it is not good manners for a girl and man to stand talking on the street. Is this true, and if so, why is it improper for a girl to stop a man friend to whom she may have something to say?"

The street has never been considered a suitable place to carry on a long conversation, either between a girl and a man or between two girls, and still less by a group. She may perfectly well stop a man if she has something important to say to him, but if they begin a long conversation, he should join her and walk in her direction.

### Was She Wrong to Rise?

Dear Mrs. Post: Last week an executive in my office (a man in his late fifties) was leaving for retirement. He was speaking to a group of five girls who were seated in a semi-circle around his desk. When finished with this little speech, he arose and shook the hand of each girl individually. I was the third one and stood up when he came over to shake my hand. The two girls before me did not rise and neither did the others after me; consequently I was the only one who stood up. I would like to know if I was wrong?

Answer: You alone had good manners.

### Party for One in Mourning

Dear Mrs. Post: My sister died less than a month ago. Another sister of mine will celebrate her fiftieth birthday soon and her son and his wife are planning a large surprise party for her. I think it is much too soon to give such a party and that it would be very lacking in respect. What is your opinion?

Answer: I agree with you that it is too soon after the death of your sister to have a party of any size.

Details on the use of a service plate, finger bowls and place cards are included in leaflet E-30, "Table Settings and Service." Mrs. Post is sorry she cannot answer personal mail. ### Mother's Little Helper

McAlester, Okla. (P)—Three-year-old Chris Long, clad only in her nightgown and barefooted, dashed through a rainstorm into a shop and asked for aid. "I've locked my mother in a closet and can't get her out," she cried. Mrs. Herbert Aston, a clerk, rushed to the house. Sure enough, Mrs. Shirley Long was trapped in the closet.

## Page One Queen Contest Has 40 Entries; Finalists to Be Selected on April 20

MRS. JAMES ROE, 22, of 230 Main street, the former Wanda Leigh of Pikeville, Ky., is one of approximately 40 entries received to date in the Kingston Newspaper Guild's annual Page One Queen competition. Mrs. Roe attended schools in Pikeville and Kingston. She is active in local little theatre work. Incidentally, she is also the mother of three small children, to wit, Richard James, 4, Jaimie Leigh, 2, and Marilyn, 1. Mrs. Roe is sponsored by Rae Barth of North Front street, Kingston.

LINDA HALL, 17, of Albany avenue extension, another entry in the Page One Queen contest, is a Kingston High School graduate in the class of 1956. She was active in the KHS Leaders' Club and other school activities. Miss Hall is an active member of Coach House Players and has a part in its next play, May 8-9, "The Crucible," by Arthur Miller. She was originally from New York city but has resided in Kingston for the past several years. She is employed by the St. John Insurance Co., 48 Main street. Miss Hall is the daughter of Mr. and Mrs. Edward Guziak. (Photo Workshop)

JANET K. WYANT, 16, daughter of Mr. and Mrs. Edward Wyant of 31 Wilson avenue, is a junior in Kingston High School, majoring in languages. She was recently inducted as a member of the French Honor Society. Her hobbies are acrobatic and tap dancing, swimming and skating. Deadline for entries in the Page One Queen contest is Saturday, April 13. A reception will be held at 2:30 p. m. Saturday, April 20, at the Wiltwyck Country Club at which time the number of entries will be reduced to five finalists. The attire will be evening gowns. Any young lady, married or single, more than 16 but less than 25 when her entry is received, is eligible. (Lipgar photo)

MIMI BASCH, 17, of Hurley, another entry, is vice-president of the 1957 graduating class at Kingston High School. She is also a member of the executive council of the Student Council, a member of the National Honor Society and of the Kingston High School a cappella choir, the Ski Club, the Maroon Masquers (dramatic club) and is an attendant on the May Day Court. She was also an exchange student to Germany and France on an international scholarship. Miss Basch will attend Cortland State Teacher's College in September, 1957.

## Saugerties Field Ready for Jaycee July 4th Events

Cantine Memorial Field will be available all day for the annual Fourth of July celebration to be conducted this year by Saugerties Junior Chamber of Commerce. It was announced today by Walter Stapleton, chairman.

Arrangements have been made with Town Supervisor Peter M. Williams to use the facilities of the field all day.

### Baseball Game

A baseball game will be played at 3 p. m. followed by a fireworks display immediately after dark.

The parade begins at 10 a. m. The observance will be financed by a special fund raising campaign involving the purchase of patron tickets.

A feature of the observance will be the awarding of a \$1,000 Savings Bond.

This will be the first year the Jaycees have taken the full responsibility of the annual celebration. In the past two years

the Fourth of July observance was conducted by a select committee of representatives of town and village organizations.

Prior to that the Saugerties Area Chamber of Commerce conducted the annual event.

Last year Mr. Stapleton a representative of the Jaycees and Mrs. Marzell Roring, representing the Saugerties Area Chamber of Commerce were co-chairmen of the event.

## Saugerties C of C To Hear Report On Pageant Plans

Plans for the 1957 Miss Saugerties Pageant will be announced at the regular meeting of Saugerties Area Chamber of Commerce Wednesday at 8:30 p. m. in the Exempt's Rooms of Saugerties Municipal Building.

The agenda will also include a report on the progress of the 1957 membership campaign and forthcoming membership breakfast by Willett Overbaugh, vice-president and chairman of the campaign.

The board of directors will meet at 8 p. m. prior to the regular meeting.

## New Paltz Area Methodist Notes

### Palm Sunday Worship

The "Triumphal Entry" of Jesus into Jerusalem accompanied by the shouts of "Hosanna" will be remembered Sunday in Palm Sunday services all over the world. At some services palm branches will be given out whereas at others small palm crosses will be distributed, as at the 8:30 a. m. and 11 a. m. morning worship services in the local New Paltz Methodist Church.

At both of these services the pastor, the Rev. Willett Porter will deliver a sermon entitled "The City Which is to Come." The Sacrament of Baptism will be administered during the service and the senior choir will sing traditional music.

Mrs. Eugene Trautwein and Mrs. William Schmalkuche Jr., are organists for the two services. Kenneth Davis will be in charge of ushers at 11 o'clock and James Bates will serve as head usher at 8:30. Those on the welcoming committee include Mrs. Alvin Beatty, Mrs. Russell Bollen and Mrs. Walter Coulton.

### Feature 'Barabbas' Film

The final service in a Lenten series will be held Sunday evening in the sanctuary of New Paltz Methodist Church. The service will begin at 7:30 and will feature the showing of a most dramatic film dealing with the Passion Week events as they would have appeared to Barabbas, leader of a gang of rebels. "Barabbas the Robber" was produced almost 10 years ago by J. Arthur Rank and has been acclaimed highly since then by all denominations. The public is invited to this service.

### Good Friday Service

The sanctuary of New Paltz

Methodist Church is always open for prayer and meditation. Good Friday, April 19, a special period of meditation will be held during 12 and 3 p. m. marking the three hours of Christ's suffering on the Cross. A musically reflective background will be provided with John Stainer's "Crucifixion." Worshipers are invited that afternoon to come when they can, and leave when they must.

### Methodist Youth Rally

Saturday, the annual spring rally and delegated business meeting of the New York Conference MYF will be held at Washington Street Methodist Church, Poughkeepsie, from 10:30 a. m. to 3 p. m.

Young people attending from the New Paltz parish will leave in cars from the local church at 10 a. m.

The program includes presentation of Summer Institute plans, business session, recreation, motion picture, "Report-Korea" and guest speakers. Those Methodist young people not already signed up to go and who wish to go are asked to get in touch with Mr. Davis or the Rev. Mr. Porter immediately.

### Members to Be Received

At the morning worship service Easter Sunday, new members will be received into the fellowship of the New Paltz Methodist Church.

### Sunrise Service

Announcement is made that the traditional sunrise service sponsored by the Methodist Church will be held in the same location as before, on the Minnewaska trail overlooking the beautiful Wallkill Valley. This service will begin at 7 a. m. Easter Sunday morning, with cars leaving the New Paltz Church in caravan for the site at 6:40.

### Important Dates

Announcement comes from the official board of New Paltz Methodist Church of the dates of the spring rummage sale and spring dinner.

The rummage sale will be on Friday and Saturday, April 26 and 27. Articles for the sale may be left at the church.

The spring dinner (roast beef) will be held Thursday, May 15, with servings at 5:30 and 7 p. m. in the social hall of the church.

# Welsh Rated Benny Leonard Easy But It Took Referee to Save Him

(EDITOR'S NOTE: This is the sixth in a series of 10 dispatches on the memorable fights seen by Nat Fleischer, boxing's historian and editor of the famed Ring Magazine and Record Book.)

By NAT FLEISCHER

Written for NEA Service  
New York (NEA)—The only way a champion could lose his title in the days of the no-decision bouts was to be knocked out, and Freddie Welsh wasn't worrying about anything like that happening to him. They didn't come any shifter or smarter than the 31-year-old Welshman.

So it was just another payday when Welsh walked into the Manhattan Casino on May 28, 1917, to fight Benny Leonard. Freddie wasn't worrying. He had met Leonard in two previous bouts and while conceding that the younger boxer had been improving steadily, Freddie still didn't worry. Even with only a few days' training, Welsh was a strange character. In his pre-championship days, he had been an advocate of clean living. And he had learned his trade to perfection. Abe Attell, Joe Rivers, Leach Cross, Jim Driscoll and Packy McFarland had found what a whirlwind he was.

But after defeating Willie Ritchie for the title, Freddie changed. He sampled a cocktail named for him. He like it. He had more. After that, he was a familiar figure in Broadway night spots and training became a nuisance to him.

In his first bout with Leonard, Freddie dawdled through 10 rounds and Leonard, who hustled, took the newspaper decision. The publicity didn't set well with Welsh and in a return he showed up in shape and handed Benny a boxing lesson.

Now it was the third bout and Welsh was disinterested. He weighed in at 9:45 p. m. and was nearly four pounds over the lightweight limit. Leonard weighed 133.

Billy (Kid) McPartland was the referee. Leonard set a blistering pace from the start. He used dazzling footwork to dance in and out, firing left hooks and jabs, and looking for the spot to drop in his right.

Welsh was a difficult target. He caught most of Benny's punches on his arms and shoulders. Leonard then shifted his attack to the body. A couple of left hooks got under Welsh's guard and drew loud grunts.

By the fourth round it was obvious Leonard was too young, too fast for the champion. But could he knock Welsh out? Merely outpointing him wasn't enough. By the end of the seventh it looked as though Welsh would make it. He had been rocked, but always was in command of his senses. He was, it seemed, too brilliant a fighter to be flattened.

The ninth started slowly, with Welsh covered up, Leonard feinting. Suddenly, Leonard feinted with his left, then drove a terrific right to the punch and it crashed against his forehead. Welsh's knees buckled. Leonard was on top of him with a volley. Welsh reeled toward his corner, tried to fight back, but took a right and dropped to the canvas.

As he fell, Welsh grabbed the lower rope and pulled himself up. It was poor judgment. With no rest, he walked into a right to the jaw and was down again. He got up and Leonard gave him a moment, feeling Welsh would fall by himself. When he didn't, Benny stepped in with a right. Welsh, head tilted forward, caught it behind the left ear. He crashed to the floor again.

but picked himself up once more.

As Welsh tottered to his feet, Benny piled in. Welsh sagged into the ropes. His legs gave, so he wrapped his right arm around the upper rope and hung on as Leonard poured leather into him. Welsh was a man who never quit.

Blood was gushing from Welsh's face as the crowd yelled, "Stop it!" Referee McPartland did. He pushed Leonard away and helped Welsh to his feet. As Freddie stood up, he fell back on the ropes and rebounded clear across the ring. Drunkenly, he went headlong through the ropes on the other side.

Welsh had lost his title, but lost it gallantly. And boxing was beginning one of its most spectacular reigns. Leonard went on to establish himself as one of the most magnificent artists the ring has known. And he won his title in a fight I can't forget.

NEXT: Mickey Walker and Harry Greb and, yes, they did have fights like this.

**Three Year Olds Get Big Tests in Saturday Races**

By ORLO ROBERTSON  
The Associated Press

Three-year-olds, with hopes of moving on to greater glory and riches, hold forth in the most important races on the American turf tomorrow.

With their trainers and owners thinking definitely in terms of the May 4 running of the Kentucky Derby at Churchill Downs, the 3-year-olds will get tests in two \$25,000 added mile and one-sixteenth events—The Gotham at Jamaica and the Biscayne Bay Handicap at Gulfstream Park. There also is the 6 furlongs of the \$10,000 Chesapeake Trial at Laurel.

**Gotham Top Stakes**  
Most important, at least from a numerical standpoint, is the Gotham. It'll be a test for such promising colts as Ambevingham from Mrs. Richard Du Pont's Bohemia Stable, Leo Edwards' speedy King Hairan, Mrs. A. L. Rand's Clem and Double X and John A. Morris' Missile.

The "big" horse in Gulfstream's feature is Clifford Lusky's Federal Hill, who like King Hairan is a speed demon. Federal Hill, a definite Kentucky Derby starter barring a mishap, picks up top weight of 126 pounds. It was the Kentucky-bred son of Cosmic Bomb who set a burning early pace as Gen. Duke matched the world's record for 1½ miles in the Florida Derby.

Mrs. Walter M. Jeffords' Bakht, not eligible for the Derby but a candidate for the Preakness and Belmont Stakes, is the probable choice over such Derby nominees as Pro-Brandy and Dark Trust in the Chesapeake trial.

**Cimarron Forbes Wins at Yonkers**  
Yonkers, April 12 (AP)—Cimarron's Forbes, owned by Alex Parsons of London, Ont., and driven by Austine Galetine, won the featured \$4,500 Kingston Pace at Yonkers Raceway last night before 16,070. It was the second straight victory for the Canadian-owned pacer.

The winner assumed command at the half-mile post and held on to score by a length and a quarter over The Engineer, handled by Ed Kelly. My Anniversary, with leading driver Stanley Dancer at the reins, finished third. The winner paced the mile in 2:05 2/5 and paid \$9.90.

## OUT OF DOORS with Field & Stream

By AL McCLANE  
Fishing Editor

Caracas, Venezuela — (NEA) — When this department was invited by the Minister of Interior of this South American republic to make a survey of its fishing and shooting potential for tourist sportsmen, we already knew that marlin fishing was good.

A modest fleet of local boats had tapped the schools off Arrecife. But to get an accurate picture of the billfish situation, George Bass shipped his boat, "Samba," from Florida and for two weeks he has been trolling a small area of the coast. Bass, one of this department's directors, reports that the marlin fishing is "fabulous."

Unlike marlin fishing in the Bahamas the Venezuelan fish are faster when coming at a bait, according to our expert, and while the blue marlin appear to run small, the white marlin average heavy.

**Plenty of Marlin**  
What makes the billfishing fabulous is the number of marlin present. On one day, for instance, the Samba had 12 marlin up to its baits. Bass recalled how he trailed for 20 long days to get his first blue marlin strike in Bahamian waters, which gives you some idea of their relative abundance.

The peak season for marlin in Venezuelan waters is from July to September. In one day last year, 54 marlin were docked by ten boats. Some boats had as many as 30 strikes weigh in the 400 to 450 pound class, with the average closer to 200 pounds; whites average about 65 pounds, which is well over the 40 pound average for stateside marlin.

The great span of Venezuelan coast remains to be explored, however, and during the next few weeks Bass will take his crew to Comuna and Margarita where the survey team beings trolling virgin territory.

**Dodgers' Plane Delayed 4 Hours**  
New York, April 12 (AP)—The Brooklyn Dodgers landed at La Guardia Field shortly before 3 a. m. (EST) today. Their arrival cut short rumors that their plane was down somewhere en route from Kansas City.

It turned out that the take-off from Kansas City had been delayed more than four hours in order to de-ice the club's new twin-engine Convair.

**Papers Going Up**  
Scranton, Pa., April 12 (AP)—Scranton's two daily newspapers both announced yesterday they will boost per copy prices to seven cents starting Monday.

Increasing costs was given as the reason for the two-cent increase. The Times, which has a circulation of 57,429, is an afternoon paper. Its competitor, The Tribune, a morning paper, has a circulation of 40,733. Weekly rates will rise from 30 to 42 cents in the state and from 35 to 50 cents outside Pennsylvania.

## National LL Signing Up Saturday

First registration for the National Little League will be held Saturday morning between 9 and 12 o'clock noon at Kingman Park.

Bays 8 through 12 are eligible to sign and are requested to bring birth or baptismal certificates with them.

Ed Hofbauer, in charge of registrations, invites all youngsters in the downtown area to report.

## Tigers Grant Ruel Leave

Detroit, April 11 (AP)—The Detroit Baseball Co. announced today that Harold D. (Muddy) Ruel, assistant to the president, had been granted a year's leave of absence as of June 1.

Ruel said a European vacation was something his family "has been planning for eight or ten years, especially for the children." A one-time big league catcher, Ruel was in the Cleveland Indians' front office before joining Detroit.

Lionel Hebert and Jay Hebert form the leading brother combination of the professional golf tour.

## Ford's Masters Stays Alive in Greensboro Open

Greensboro, N. C., April 12 (AP)—Doug Ford, still displaying the touch that carried him to victory in the Masters tournament last Sunday, was front man by one shot going into today's second round of the \$15,000 Greater Greensboro Open golf tournament.

The husky, 34-year-old professional playing out of Mahopac, N. Y., put together a pair of 34s yesterday to take the first round lead with a 68, two under par for the 6,720-yard Sedgefield Country Club course that yielded only three sub-par rounds to a field of 135.

A stroke back of Ford at 69 were Marty Furgol of Lemont, Ill., veteran campaigner of many a circuit trip, and the darkest of dark horses, Greensboro amateur Willard Gourley, 29-year-old mortgage loan dealer.

**Snead Fires 72**  
Sam Snead, veteran White Sulphur Springs, W. Va., pro, who has won here six times, including the last two years, had a rocky 37 finish for a 72 after opening with nine pars. Sam had trouble hitting the greens coming home.

Ford, already pocketing \$23,000 in winnings to lead this year's PGA cash scramble, made only one slip over par, missing the 15th green to take a five. His putter, usually a potent instrument, delivered a 20-foot birdie and two 10 footers.

### Big Turnover in Talent

## Twenty Five New Players Slated To Crack Major League Lineups

New York, April 12 (P)—There's been a hefty six months turnover in major league baseball with the result about 25 new players obtained via trade, purchase or farm club recall since the close of last season will be in the opening day lineups next week.

Take the Philadelphia Phillies, for example. They will have four changes . . . first baseman Ed Bouchee, shortstop Chico Fernandez and outfielders Rip Repulski and Bob Bowman. Bouchee and Bowman are rookies up from Miami of the International League. Repulski was acquired from St. Louis and Fernandez from the Brooklyn Dodgers.

The New York Giants will introduce shortstop phenom Andre Rodgers. They'll also re-introduce Whitey Lockman and Gail Harris. Lockman came back from the Cards while Harris, who failed in two previous trials, was recalled from Minneapolis. The Giants also may show off rookie third baseman Ossie Virgil although he is troubled by a groin injury and may not be ready by opening day.

The Chicago Cubs, who will seek to escape from the National League cellar, will have third baseman Ray Jablonski, picked up from Cincinnati, and Bob Speake in their first game lineup. Speake was brought up from the Pacific Coast League where he was shipped last June after a hot start and a cooling off period with the Cubs. Chicago also

will have a new catcher with either ex-Yankee Charley Silvera or rookie Cal Neeman, up from Richmond, Va., likely to start.

#### Hoak With Redlegs

Cincinnati will have Don Hoak at third base. The Cardinals have a new left fielder and No. 4 batter in Del Ennis, the former Philadelphia star. The Dodgers probably will have Gino Cimoli in left field. He was used sparingly in 1956 but has been a spring training sensation this year.

Only the Milwaukee Braves and Pittsburgh Pirates among the National League clubs have remained put as far as the regulars are concerned. The Braves, in fact, will field the same team next Tuesday that opened the season in 1956.

The American League change-over parade is led by the Kansas City A's and Chicago White Sox.

Shortstop Billy Hunter and outfielder Bob Cerv, both acquired from the Yankees, will be in the opening Kansas City lineup as will second sacker Milt Graff, a former Yank farmhand. The White Sox fans will get a glimpse of rookie Jim Landis in the outfield with Bubba Phillips, a utility man last season, at third base and Jim Rivera, an outfielder, at first base.

#### Avila to Third

Cleveland has rookie outfielder Roger Maris, George Strickland, a '56 handyman, likely will start at second base and Bobby Avila, veteran second sacker, will be at third. Bob Usher, formerly of Cincinnati and in the PCL last year, also may start in the outfield.

Third baseman Frank Malzone and Gene Mauch, a second baseman, are the new Boston Red Sox. Malzone failed in a brief spring trial in '56 and Mauch, who had major league experience with Brooklyn and Chicago Cubs, was purchased from the Coast League late last season.

Tony Kubek, in left field, is the only one to crack the starting lineup for the world champion New York Yankees. He hit .331 for Denver of the American Assn. last season. Detroit may start Eddie Robinson, obtained from Kansas City, at first base. If Manager Jack Tighe decides to go with Ray Boone at first base, Jim Finigan, another former Athletic, probably will get the nod at third base.

The Washington Senators and Baltimore Orioles' opening day lineups will come as no surprise to their followers, although rookie Brooks Robinson appears to have a good chance of starting at third base for Baltimore.

Ben Hogan led golf's money makers with \$13,143 in 1942. In 1956 Ted Kroll led the play-for-pay players with \$72,835.

Eight of the 11 baseball games Brooklyn will play in St. Louis this season are listed under lights.

### Game's Big Guns Are Tuning Up

## Williams, Mantle, Mays and Musial Hit Homers

### Also Add Bauer And Crowe in Really Big Day

By BEN OLAN

#### The Associated Press

"Home runs — Ted Williams, Mickey Mantle, Willie Mays, Stan Musial.

Major League baseball fans will be seeing these entries in big league box scores once the season gets underway next week. . . . Not all in the same summary, of course, but very likely each will connect on the same day.

It happened yesterday. Take these four and throw in Duke Snider of Brooklyn, Ed Mathews and Joe Adcock of Milwaukee, Frank Robinson and Ted Kluszewski of Cincinnati and Yogi Berra of the Yanks and you've got the game's leading home run hitters.

#### Williams Tops List

Williams has walloped 418 homers in 15 seasons with Boston. He's fifth on the all-time list topped by Babe Ruth's 714, Jimmy Fox's 534, Mel Ott's 511 and Lou Gehrig's 494.

Mantle has 173 to show for six seasons with the Yankees. Mays has 152 in five years with the New York Giants and Musial, who has won six National League batting championships, has slammed 352 homers in 15 campaigns with the Cardinals.

Only Musial's circuit blow did his team any good in yesterday's exhibition games. He stroked it off Billy Pierce as the Redbirds blanked the Chicago White Sox 5-0 behind the nifty pitching of Lindy McDaniel and Willard Schmidt. Hobie Landrith also homered for St. Louis.

The home run by Williams was only one of two hits collected by the Red Sox off the combined efforts of rookie pitchers Jack Sanford and Angelo Lipetri of the Philadelphia Phils. Philadelphia won 7-1 helped by four unearned runs. A double by Stan Lopata and a single by Chico Fernandez were pivotal blows.

#### Mantle Connects

Mantle and Hank Bauer connected for the Yankees, but the world champs dropped a 6-5 verdict to their Richmond (International League) farmhands. Richmond rallied for two runs in the last of the ninth to win the game before 10,469 home folks.

Mays' homer spoiled an otherwise brilliant five-inning effort by Early Wynn, who made his first appearance of the spring. The Cleveland pitching mainstay had been bothered by a hip injury. The Indians came up with two runs in the ninth to break a tie and win 6-4. Hal Naragon's single scoring Jim Busby was the game-winner.

Home runs also played a major part in the other games.

George Crowe blasted a three-run homer in the eighth inning to give Cincinnati a 7-4 victory over the Washington Senators. The triumph gave the Redlegs a 7-3 margin over the Senators in their training series.

The Chicago Cubs were paced by Dee Fondy's two home runs as they edged the Baltimore Orioles 7-6. Fondy's shots accounted for four runs. Bob Nelson led the Orioles with a single, double and triple.

Dale Long and Paul Smith homered for the Pirates who whipped the Detroit Tigers 10-2. Rookie Don Lee was pounded for eight hits and seven runs in the first five innings. He had been very effective for the Tigers in earlier outings. The success was Pittsburgh's 19th in 27 exhibition games.

The Kansas City A's pleased 8,531 home fans by scoring four times in the ninth to beat the Brooklyn Dodgers 5-4. Irv Noren's single off Don Bessent capped the uprising. Don Newcombe pitched three scoreless frames for the Brooks.

Pro golfer Betty Jameson won the U. S. Women's amateur title in 1939 and 1940.

### Softball Loops To Meet Monday

The City and Recreation softball leagues will hold their initial organizational meetings Monday at 7:30 p. m. at the Recreation Center on lower Broadway.

All 1956 managers and sponsors who expect to continue in the league are invited. If they cannot attend they are requested to notify Andy Murphy.

Applications for new franchises in either league will be processed at Monday's meeting.

### KBA Elections Slated Sunday

Kingston Bowling Association will hold its annual election meeting Sunday at 2 p. m. at the county court house on Wall street.

The association's Board of Directors will name a new slate of officers and consider changes in the by-laws.

Whitey Ford, Yankee southpaw ace, set an American League record July 20, by striking out six batters in succession.

### Highland Keglars Roll 2873 To Capture Huguenot Meet

### Gonzales-Segura In Tennis Finals

Cleveland, April 12 (P)—For the third year in a row the Panchos — Big Pancho Dick Gonzales and Little Pancho Francisco Segura will battle it out in the finals of the professional tennis tournament at the arena tonight.

The two Los Angeles netters won semifinal matches last night. Segura disposed of Ken Rosewall of Australia 6-2, 6-3, and Gonzales came from behind to win a struggle with Tony Trabert of Cincinnati, 3-6, 11-9, 8-6.

Gonzales, who is shooting for his fifth championship here, lost to Segura in the 1952 finals but beat the 36-year-old shotmaker from Ecuador in the 1953 and 1956 finals.

Professional golfers, and amateurs with a handicap not exceeding five strokes are eligible to qualify for the United States Golf Assn's women's open championship. The entry fee is \$10.

Elting Heights' Funeral Home of Highland rolled 2873 gross to win first prize in the second annual Huguenot Women's bowling tournament at the New Paltz alleys.

The Highlanders, who do their league bowling at New Paltz, proved it wasn't a fluke by capturing the Twilight League championship the next night.

The Eltings rolled 2270 net and had 603 handicap. Ann Di Lorenzo sparked the team with 506. Scott and Benson of Dover Plains, finished second with 2858 gross. Bea McGhee rolled 521 in the anchor spot.

Other teams in the money were: Aloys of Poughkeepsie, Century Cement, Rosendale; Channel Master, Guidette Lodge, Dover Plains; Daystrom of Poughkeepsie; Benson Five, Dover Plains; New Paltz Savings Bank, Reick's Jewelers and Windsor Barber Shop, Poughkeepsie.

Best net score was the 2373 posted by Strike Belles. B. Johnson of the Strike Belle squad rolled 569 for high individual series and Ginny Doughty of Newburgh has 212 for high single honors.

### Jones 3-1 Pick Against Vejar

Syracuse, N. Y., April 12 (P)—Fifth-ranked Ralph (Tiger) Jones today ruled as a 3-1 favorite over Chico Vejar for tonight's middleweight clash of television favorites.

Jones, a toe-to-toe slugger from Brooklyn, was expected to weigh in at 156, about three pounds more than the former drama student from Stamford Conn. It will be the 31st television appearance by Jones and the 26th for Vejar.

Jones, 29, is a busy fighter whose most effective work is in clinches. He has a record of 43 victories, 17 losses and three draws. He has scored 11 knockouts.

Vejar, 25, is a former welterweight who has fought six middleweight bouts since December. He is unranked in the division. The Stamford dandy said he was confident he could handle Jones' bull-like rushes. "I've learned to protect myself in close," he declared.

NBC television and radio will score by rounds. There also is a point system used to help break draws. The winner of each round gets from one to four points, the loser none.

## CWV Will Hear Siena Professor Sunday Morning

Indications are that a large gathering of Catholic men and guests will be on hand Sunday morning to hear the Rev. Benjamin Kuhn, OFM, professor of mathematics and general science at Siena College, when he addresses the communion breakfast of St. Ignatius Loyola Post, 1769, at the Knights of Columbus Hall. The breakfast will follow the 8 a. m. Mass at St. Peter's Church. Tickets for the breakfast may be obtained at the door Sunday morning, former mayor William F. Edelmuth, first vice-commander of the CWV, told The Freeman this morning.

The Rev. Father Kuhn, who has spoken in Kingston before, is regarded as an outstanding speaker. He is the only pioneer of Siena College currently on that school's staff. He holds degrees in chemistry, mathematics, philosophy and theology. While attending school, the Rev. Father Kuhn participated in football, track and wrestling.

## Hotel Taft Fully Air Conditioned

The Hotel Taft in New York is now the first completely air conditioned hotel on Times Square, it is announced by Alfred Lewis, general manager. All 2000 rooms are air conditioned by a vast central system, one of the largest installations of its kind in the world, engineered with the most advanced technical equipment.

An individual thermostat in each room gives each guest exactly the weather he wants with just a turn of the dial. The Taft management points out that this development means not just cool temperature during the summer months but extra comfort for the year 'round. Fresh air is filtered, dehumidified and cooled in the summer and heated in the winter. In addition to air conditioning, every room at the Taft is equipped with television, radio and Muzak at no extra charge.

A new full color folder, including a map of New York, is available to anyone who writes the hotel.

## Upstate Has Snow

Buffalo, N. Y., April 12 (P)—A rainstorm changed to snow early today and turned highways slushy and hazardous in western New York. Up to two inches of snow was reported in Erie, Chautauqua, and Niagara counties. Highway traffic was slowed in most places but no serious tieups were reported. The Weather Bureau predicted additional light snow flurries with unseasonably low temperatures for today and tomorrow.

## Fire Destroys Playhouse

Buffalo, N. Y., April 12 (P)—Fire today destroyed the Lake Shore Playhouse, a summer theater, at nearby Derby. The Playhouse, a converted barn, was virtually leveled by the flames shortly before dawn. The cause of the fire was not determined.
